DETAILED ACTION

1. The protest filed on or about 24 September 2004, under 37 C.F.R.

§1.291, was not proper. 37 CFR 1.291 states, in part:

(a) Protests by a member of the public against pending applications will be referred to the examiner having charge of the subject matter involved. A protest specifically identifying the application to which the protest is directed will be entered in the application file if:

- (1) The protest is submitted prior to the date the application was published or the mailing of a notice of allowance under §1.311, whichever occurs first; and
- (2) The protest is either served upon the applicant in accordance with §1.248, or filed with the Office in duplicate in the event service is not possible.

In this case the protest was filed after the 04 July 2002 publication date of the application.

2. Because the protest was filed after the application's publication date it is untimely and is not being entered into the application. The original protest is not attached as part of this response as it was properly served to the applicant at 717 West French Place, Suite 1, San Antonio, TX 78212, which is the current mailing address for all correspondence for the application. If appropriate, the applicant may wish to consider submitting pertinent information raised in the protest and pursuant to 37 CFR §1.97 and 37 C.F.R. §1.56. The applicant is again advised to seek counsel for this and other matters that are pending before the USPTO on this application.
